

Alice Town Bimini

Sept. 2<sup>nd</sup> 1936

Mr. Ernest Heming-way.  
Key West Fla.

Dear Sir.

I dare-say

you will be interesting to know that all  
the fishing boats have left.

Its is quite dull over here now.  
The Docks shows a sign of distress.  
So we just have to look forward again  
to the coming season.

It is quite a rumour that they are  
going to build a hotel on South Bimini  
Beach for the coming season. if it is  
correct I dare-say they will have to begin

preparation.

You will find below the only fish that -  
has been caught since the last list up  
to Aug 19<sup>th</sup> that I sent to you.

Yours Respectfully

Arthur M. Sherman
